INTRODUCTION

The 1927 Edition of the Monrovia-Arcadia Directory, is herewith presented by the Los Angeles Directory Co., with the assurance that it will be found to contain all that is of vital interest to the civic, commercial, industrial and social life of the city, as the utmost care has been taken in its production.

A BUYERS' GUIDE precedes alphabetical information of each town, and contains the advertisements of prominent and progressive business men, firms and companies.

THE MISCELLANEOUS DEPARTMENT contains information concerning the State, County and City Government, churches, courts, schools, postoffice, secret and fraternal societies, etc. Will be found at beginning of alphabetical section of each town.

THE STREET AND HOUSEHOLDERS' GUIDE immediately follows the Alphabetical List of names in Monrovia. Streets, avenues, etc, are given alphabetically, and described by giving point of beginning and general line of direction. The number of each building on the street, with its occupant, is given in numerical order.

THE CLASSIFIED BUSINESS DIRECTORY is covered by pages 269 to 326. In this department the various manufacturing, mercantile and professional occupations are compiled in alphabetical order, first giving the nature of the business, and then by names.

ADVERTISING MONROVIA-ARCADIA AND DUARTE

Monrovia-Arcadia and Duarte are advertised by placing on file at the Directory Libraries of the principal cities of the United States the latest Directory, where it may be consulted by the general public without charge.

THE PUBLISHERS

MONROVIA

Monrovia, where the sunkist oranges grow, is situated 18 miles east of Los Angeles in the heart of the San Gabriel Valley orange belt along the foothills of the San Gabriel mountains at an elevation of from 450 to 1100 feet.

Monrovia, a city of more than 13,000 population, is served by the Santa Fe Railway System, the Southern Pacific Lines, the Interurban Pacific Electric Railway, and two of the famous paved highways of Southern California —Foothill Boulevard and Huntington Drive.

INDUSTRIES—RANCHES—SUBURBAN HOMES

Monrovia has a 108-acre manufacturing district upon which are located the R. R. Colby Metal Industries, among which are tractor, automobile truck, vacuum street sweeper, automobile, iron foundry and machine shops; also the largest date packing plant in the world, the Valley Packing Corporation; eight citrus fruit packing houses, packing the famous "Sunkist" oranges, lemons and other brands; the Day & Night Heating Company with an annual payroll exceeding $100,000; the Pioneer Nursery, the second largest nursery in Southern California, with an annual payroll exceeding $100,000; the Coast Heater Manufacturing Company; the B. R. Davisson Contracting cement pipe plant; Matteson Mfg Co sash door factory, California Cement Products Co; a half million dollars invested in the poultry industry; and one of the principal avocado producing districts in the state; a modern ice plant; three newspapers; five banks; four lumber companies; creameries; light and power companies; modern laundry; telephone and telegraph companies and modern hotels. Beautiful homes, modern schools, all-year climate unlimited water supply, suburban transportation, recreational facilities, first-class amusements, a splendid retail business district and public spirited citizens all tend to make Monrovia "The Gem City of the Foothills."

Monrovia is growing substantially and wise investment in business, land, houses, apartments, agriculture and manufacturing pursuits should be profitable to the investor.

Compare Monrovia's industrial and suburban home advantages with any other city and you will understand that is is only by comparison that Monrovia grows substantially with Los Angeles County.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

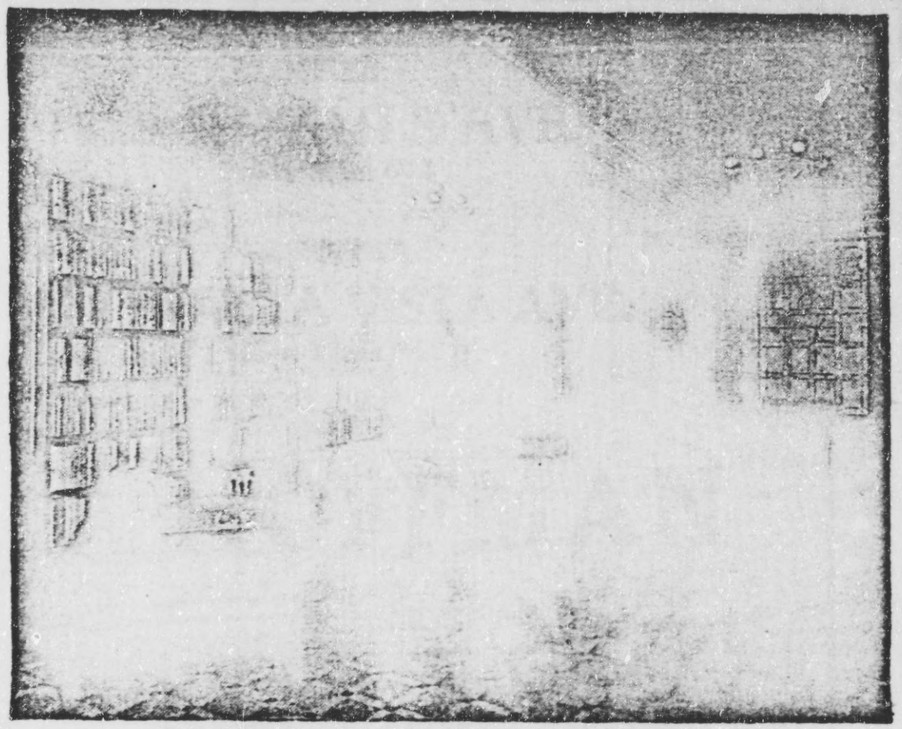
"Think It Over"



ONE OF 200 POLK DIRECTORY LIBRARIES

This Little Library Can Answer 945,000,000 Questions

**MANY TRIPS AT YOUR FINGER-TIPS —
SAVE MANY MILES, MINUTES and DOLLARS**

There are over 300 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents —the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed—the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.
